

<p style="text-align: center;">Bowdoin College Faculty Professional Service Support Call for Proposals</p>

The Dean for Academic Affairs' office has limited funding to support faculty service to national or international professional organizations. Examples of such activities include supplementary travel funds (beyond those available in the Faculty Professional Conference Travel Fund) to attend meetings related to elected service on a national board of a professional society or editorial meetings for a journal for which you are an editor, student assistance to help with mailings or other office work associated with a professional appointment, etc. This fund is not intended to pay for professional dues, nor any activity already supported by existing faculty research or curricular funds and the nature of the activities should be at the national or international level.

We anticipate funding 1-2 awards each year.

Award: up to \$3,000, spread over a term of appointment to a maximum of 5 years. Because of the limited funding to support these activities, faculty may receive a maximum of one award in 5 years.

Deadline: Friday, May 13, 2011

Eligibility: All benefits-eligible faculty are eligible to apply; for visiting faculty, the activity must take place during the term of the appointment.

Application procedure:

Applications should be 1-2 pages long and include:

- a description of the activity, with links to URLs or other information about the professional organization (if appropriate)
- detailed budget, with information on funding provided by the academic society
- timetable of the activity
- description of how this will further your research and teaching

Please submit completed applications to acadaffs@bowdoin.edu with the subject line "Professional Service Support" by May 13, 2011.
