

BOWDOIN COLLEGE
Sociology & Anthropology Department
Focus Group/Interview Questions

1. As a sociology/anthropology major or minor, what do you perceive you are learning in the major? What are the goals? What is the subject about?
 - a. What gives you this impression?
 - b. Are there other learning objectives?

2. Do you think that you have learned the objectives of the major? Why or why not?
 - a. What has helped you to learn these objectives?
 - b. What aspects about a particular professor or the faculty in general have made him/her effective in teaching these objectives?

3. Based on your experience, what aspects of the department would you change/keep?
 - a. Advising? Course selection? Course variety? Faculty availability?
 - b. Why or why not?

4. Does the fact that sociology and anthropology are part of one department at Bowdoin have a significant impact on your experience of the major/minor? Why or why not?
