Sri Lanka Education (ISLE). In considering the application, the ISLE Program representative is requested to interview this student and provide about her/his academic abilities, responsibility, character, motivation, interests, etc. In addition, information about personal qualities that might affect this student's capacity to benefit from contact with and living in a non-Western culture such as that of Sri Lanka would be helpful – including such things as adaptability, maturity, patience, humor, health, initiative and enthusiasm. Please collect the application materials from your student and forward to the ISLE Executive Director along with your report. Thank you for your cooperation!

[Please Note: The Early Decision Deadline for applications for the fall and spring programs is 1 December. Thereafter, applications are accepted on a rolling admissions basis from 1 December through 1 March for the fall program, and 1 March – 15 October for the spring program.]
