

## OFF-CAMPUS STUDY PRELIMINARY APPLICATION (for OCS in 2012-13)

Please return to the Off-Campus Study Office (Kanbar 100C) no later than 1 November 2011

This preliminary application is required if you intend to study off campus in the fall semester of 2012, spring of 2013, or the full 2012-13 academic year. (It is not necessary for summer programs.) A faculty member in your intended major department(s) can help you make sure that the plans you outline represent your best options for integrating your study away into your major and your degree at Bowdoin. Your answers will also help Bowdoin anticipate the number of students who will be studying away in each semester. Please be as flexible as possible in making your plans. Approval of a particular semester is not assured if the application numbers are unbalanced.
