CSCI 2330 – Integer Representation Exercises

Fill in the table below listing the smallest and largest representable values using the specified representation. For n-bit expressions, your values should be expressed in terms of n.

	Smallest (binary)	Smallest (decimal)	Largest (binary)	Largest (decimal)
Unsigned (4 bits)				
Unsigned (n bits)	N/A		N/A	
Sign Magnitude (4 bits)				
Sign Magnitude (n bits)	N/A		N/A	
1's Complement (4 bits)				
1's Complement (n bits)	N/A		N/A	
2's Complement (4 bits)				
2's Complement (n bits)	N/A		N/A
