Laboratory Instructor Professional Review

**Laboratory Instructor Form**

**Your Name:**

**Faculty Member(s) with whom you taught:**

**Course:**

**Semester:**

Please answer the following questions (offering specific examples when possible):

1. What is your assessment of the quality of instruction you offered this semester?

2. What unusual circumstances, if any, might have influenced the quality of your work or students’ learning experiences (e.g., unusually high enrollments, significant redesign of the course/lab, etc.)?

3. What suggestions do you have for improving collaborative interactions between you and the professor?

4. Do you have any additional comments?
