

EXPLORE BOWDOIN

The trip is on us.

There is a lot to discover about our vibrant college on the coast of Maine.

We invite you to experience Bowdoin (bo-dun) for yourself. Spend a few days on campus—stay with students, attend classes, meet professors, eat in the dining halls, check out student clubs—and learn about the admissions process and financial aid.

If you are a low-income or first-generation-to-college member of the Class of 2027, the Explore Bowdoin program is for you.

Bowdoin handles all of the logistics and costs for your trip—all you need to do is apply!

Bowdoin is a top liberal arts college where students study everything from neuroscience to English, economics to environmental studies, and much more. Founded to benefit the common good, Bowdoin is need-blind and meets the full demonstrated need of every admitted student with scholarships, not loans.
