The Latin text quoted on the preceding page has introduced Bowdoin’s Commencement Program since August 21, 1822. The names of the twenty-four graduates of the Class of 1822 were, for the most part, also translated into Latin for the program. In the early years of the College, each graduating senior was required to deliver a Commencement “part,” an oration on ancient or modern topics, which was frequently given in one of the classical languages, Latin, Greek, or Hebrew. The final Latin oration was given in 1893, but the tradition of Latin survives in the language used to dedicate the Commencement Exercises and to confer the bachelor of arts degree.

The translation below was provided by Robert B. Sobak, Associate Professor of Classics.

May it be good, felicitous, and well-omened:* To Janet Mills, esteemed Governor; to the Representatives and Senators who personally preside over the arts and letters for the State of Maine; and to the honorable and respected Trustees of Bowdoin College; to Clayton Rose, distinguished President; to the entire academic senate; to the venerable religious leaders; in short, to all patrons of the human race everywhere, the young people hereby initiated into the arts and letters most humbly dedicate these exercises.

Held in a gathering of Bowdoin College, in Brunswick, in the State of Maine, on the eighth day before the Kalends of June, in the 2019th year of our well-being and in the 243rd year of the authority of the United States of America.

* An ancient Roman formula used at the outset of a ritual to ensure its success.

DEGREES

This ancient formula is used by the President in conferring degrees:

Candidati pro gradu baccalaureali, assurge.

Femina honoranda, hosce iuvenes, quos censeo idoneos primum ad gradum in artibus, nunc tibi offero, ut a te instructus, eos ad gradum istum admittam. Placetne? (Placet.)

Pro auctoritate mihi commissa, admitto vos ad primum gradum in artibus, et dono et concedo omnia iura, privilegia, honores atque dignitates, ad gradum istum pertinentia.

In cuius testimonium hasce membranas litteris scriptas accipe.

Candidates for the Baccalaureate degrees will rise.

(To the Chair of the Board of Trustees) Honored madam, these young people whom I deem worthy of the first degree in Arts, I now present to you, that, if you so direct, I may admit them to that degree. Is such your will? (It is.)

(To the Candidates) By virtue of the authority vested in me, I now admit you to the first degree in Arts and do grant and confer upon you all the rights, privileges, honors, and dignities pertaining to that degree.

In witness whereof, receive these diplomas.

NOTE: The Baccalaureate degrees are awarded individually, and the graduating class requests that there be no applause until the last degree is conferred.

At the Commencement Exercises, Bowdoin displays the College flag and the flags of the United States of America, the State of Maine, and the home or dual-citizenship countries or territories of graduating students—in 2019, Australia, Austria, Benin, Brazil, Cabo Verde, Canada, Chile, People’s Republic of China, Czechia, France, Germany, Haiti, Honduras, India, Ireland, Israel, Italy, Japan, Republic of Korea, Mexico, Mongolia, Netherlands, New Zealand, Nigeria, Panama, Rwanda, Saint Vincent and the Grenadines, Spain, Sweden, Turkey, United Kingdom, United States, and Vietnam.

HONORANDS OF THE 2019 COMMENCEMENT

EARL LEWIS, Doctor of Humane Letters (LHD)

Earl Lewis is a prominent social historian and champion of the humanities and the liberal arts. Former president of The Andrew W. Mellon Foundation, he is currently founding director of the Center for Social Solutions and professor of history and Afro-American and African studies at the University of Michigan. A graduate of Concordia College, he earned a PhD at the University of Minnesota in 1984. After teaching at the University of California–Berkeley and the University of Michigan, he moved to Emory University, where he served as executive vice president for academic affairs and provost as well as the Asa Griggs Candler Professor of History and African American Studies. Lewis was Emory’s first African American provost and at the time the highest-ranking African American administrator in the university’s history. In 2013, Lewis became the sixth president of The Andrew W. Mellon Foundation, where he reshaped key program areas and reaffirmed the Foundation’s commitment to the humanities, the arts, and higher education. Lewis was elected a fellow of the American Academy of Arts and Sciences in 2008.

NADIA A. ROSENTHAL, Doctor of Science (SD)

Nadia Rosenthal, a researcher in mammalian molecular genetics, is scientific director at the Jackson Laboratory for Mammalian Genetics in Bar Harbor, Maine. In a career combining groundbreaking scholarship with a commitment to training future researchers, Rosenthal has explored the genetics of muscle and cardiac development and the role of growth factors, stem cells, and the immune system on tissue regeneration. She began college at the University of North Wales in the UK and graduated from Harvard University, where she earned a PhD in biochemistry. After teaching at Harvard Medical School and the Boston University School of Medicine, Rosenthal established the mouse biology program for the European Molecular Biology Laboratory (EMBL) in Rome. Remaining in her position at EMBL, she joined Imperial College in London as director of science for the Harefield Heart Science Center and chair of cardiovascular science in 2005 and established the Australian Regenerative Medicine Institute in 2007. Author or coauthor of nearly 200 articles and eight books or monographs, Rosenthal has served as editor of The New England Journal of Medicine, editor-in-chief of Differentiation, and founding editor of Disease Models and Mechanisms.
SIR PAUL M. RUDDOCK, *Doctor of Humane Letters (LHD)*

Sir Paul M. Ruddock, philanthropist and supporter of the arts, is cofounder of the investment management firm Lansdowne Partners and former CEO of Lansdowne Partners Limited. He has BA and MA degrees in jurisprudence from the University of Oxford. For twenty years Ruddock has served as chair of the board of trustees of the Victoria and Albert Museum, where he and his wife, Lady Jill Shaw Ruddock ’77, were the lead funders of the renovation of the medieval wing’s thirteen galleries comprising the Paul and Jill Ruddock Galleries of the Renaissance City and the William and Eileen Ruddock Gallery of Early Medieval Art. They also funded the Victoria and Albert Museum’s Ruddock Family Cast Court and the British Museum’s Sutton Hoo and medieval galleries, and they are helping fund the renovation of the Musée du Moyen Age in Paris, for which Ruddock received the French government’s Chevalier dans Ordre des Arts et Lettres. A senior honorary research fellow at the Victoria and Albert Museum and a fellow of the Society of Antiquaries, Ruddock was knighted by Queen Elizabeth II in 2012 for services to the arts and philanthropy.

SHELDON M. STONE ’74, *Doctor of Humane Letters (LHD)*

Sheldon M. Stone ’74 is cofounder and principal of Oaktree Capital Management. A first-generation college student and financial aid recipient who has never forgotten that his opportunity was made possible by others, Stone has made gifts that have supported hundreds of students and have been instrumental in making Bowdoin’s need-blind, no-loan policies possible. After graduating from Bowdoin, Stone earned an MBA at Columbia University, where he serves on the board of overseers for the business school. He began his career as an analyst, investment manager, and director of corporate finance for the Prudential Insurance Company. He joined Citibank Investment Management in 1983 and became senior vice president and managing director at Trust Company of the West in 1985. In 1995, he cofounded Oaktree Capital Group. As a member of Bowdoin’s board of trustees, Stone served as chair of the Investment Committee from 2004 to 2009; he continues to serve on the Investment Committee as an emeritus board member. Stone’s remarkable record of public service includes chair emeritus of the California Community Foundation, trustee of the Colonial Williamsburg Foundation, and trustee of the Los Angeles County Museum of Natural History Foundation.
HONORS IN MAJOR SUBJECTS

The Departments of Art, Biology, Chemistry, Computer Science, Earth and Oceanographic Science, English, History, Mathematics, Music, Psychology, Romance Languages and Literatures, and Sociology and Anthropology and the Biochemistry, Environmental Studies, Gender, Sexuality, and Women’s Studies, Latin American Studies, and Neuroscience Programs award only one level of departmental honors. The Department of Religion awards at the High Honors and Honors levels only. The formal academic attire that distinguishes faculty and graduates at academic ceremonies is a symbol at once vertical and horizontal. It stretches back into history, to the roots of academic institutions, while at the same time it forms a bond of union among contemporary academic scholars.

The gown, cap, and hood, which would certainly seem quaint today if worn on our city streets, were originally the ordinary apparel of our medieval ancestors. The gowns varied in elegance according to the rank and wealth of the owners, and the hood had the practical function of being pulled over the head for warmth. Many of the medieval universities had strict rules on the subject; at Oxford, for example, the master of arts had to swear that he owned the dress prescribed for his degree and that he would wear it on all proper occasions. Undergraduates were required to wear their gowns whenever they appeared in the public street.

After the sixteenth century in Europe different styles prevailed, but the older style was retained for certain legal, official, clerical, and, especially, academic uses.

In America the gown has been used to some extent since colonial times. It was only in the late nineteenth century, however, that widespread interest—sparked perhaps by the observance in 1886 of the 250th anniversary of the founding of Harvard—brought about several developments. In 1887 an enterprising member of the graduating class of Williams College designed academic gowns for the graduates to wear at the Commencement ceremony. The garb was significant and dignified; it was both traditional and democratic; it answered a need, and it quickly became popular. In 1895 an intercollegiate code, standardizing the design and the color of each part of the academic regalia, was accepted by nearly all American colleges and universities.

The gown is usually black, and the cut of the sleeves differs for bachelors, masters, and doctors. In addition, the doctor’s gown has panels of velvet (usually black) down the front and on the sleeves.

The cap is generally black, with a tassel, which is either black or the color of the field of study; a doctor’s may be gold. The most common style of cap is the Oxford “mortar board,” with a square flat top, but some variations are permitted.

The hood is the most distinctive part of the costume. It is made of black and trimmed with velvet. Both the length of the hood and the width of the trim vary with the level of the degree, the doctor’s being the longest and having the widest velvet border. The color of the velvet indicates the field of study in which the degree is earned: for example, white for arts and letters (bachelor of arts), dark blue for philosophy, brown for fine arts, golden yellow for science, scarlet for theology. The lining of the hood is the color and style of the university that confers the degree; these are all specified in the standard code of the American Council on Education. Bowdoin College’s lining is white and green to symbolize the Bowdoin pines.

Whatever the degree or university, those who don the gown and hood symbolically take their places in the long procession of scholars who have pursued truth and learning and passed it on to others. The consciousness of that fellowship is at once a reward for past efforts and an inspiration for the future.

RAISE SONGS TO BOWDOIN

Words by K. C. M. Sills, Class of 1901
New Lyrics by Anthony Antolini '63
Music by C. T. Burnett
Arranged by Thornton W. Allen

Raise songs to Bowdoin, praise her fame,
And sound abroad her glorious name;
To Bowdoin, Bowdoin lift your song,
And may the music echo long
O’er whispering pines and campus fair
With sturdy might filling the air.
Bowdoin, from birth, our nurturer and friend
To thee we pledge our love again, again.

While now amid thy halls we stay
And breathe thy spirit day by day,
Oh may we thus full worthy be
To march in that proud company
Of poets, leaders and each one
Who brings thee fame by deeds well done.
Bowdoin, from birth, our nurturer and friend
To thee we pledge our love again, again.
