The Latin text quoted on the preceding page has introduced Bowdoin's Commencement Program since August 21, 1822. The names of the twenty-four graduates of the Class of 1822 were, for the most part, also translated into Latin for the program. In the early years of the College, each graduating senior was required to deliver a Commencement "part," an oration on ancient or modern topics, which was frequently given in one of the classical languages, Latin, Greek, or Hebrew. The final Latin oration was given in 1893, but the tradition of Latin survives in the language used to dedicate the Commencement Exercises and to confer the bachelor of arts degree. The translation below was provided by Robert B. Sobak, Associate Professor of Classics.

May it be good, felicitous, and well-omened:\*

To Janet Mills, esteemed Governor;  
to the Representatives and Senators

who personally preside over the arts and letters for  
the State of Maine;

and to the honorable and respected Trustees of  
Bowdoin College;

to Clayton Rose, distinguished President;

to the entire academic senate; to the venerable  
religious leaders;

in short, to all patrons of the human race everywhere,

the young people hereby initiated into the arts  
and letters

most humbly dedicate these exercises.

Held in a gathering of Bowdoin College, in Brunswick,  
in the State of Maine,

on the eighth day before the Kalends of June, in the  
2019th year of our well-being

and in the 243rd year of the authority of the United  
States of America.

\* An ancient Roman formula used at the outset of a ritual  
to ensure its success.

## DEGREES

This ancient formula is used by the President  
in conferring degrees:

*Candidati pro gradu baccalaureali, assurgite.*

*Femina honoranda, hosce iuvenes, quos censeo idoneos primum ad  
gradum in artibus, nunc tibi offero, ut a te instructus, eos ad gradum  
istum admittam. Placetne? (Placet.)*

*Pro auctoritate mihi commissa, admitto vos ad primum gradum in  
artibus, et dono et concedo omnia iura, privilegia, honores atque  
dignitates, ad gradum istum pertinentia.*

*In cuius testimonium hasce membranas litteris scriptas accipite.*

Candidates for the Baccalaureate degrees will rise.

(To the Chair of the Board of Trustees)

Honored madam, these young people whom I deem  
worthy of the first degree in Arts, I now present to you,  
that, if you so direct, I may admit them to that degree.  
Is such your will? (It is.)

(To the Candidates)

By virtue of the authority vested in me, I now admit  
you to the first degree in Arts and do grant and confer  
upon you all the rights, privileges, honors, and  
dignities pertaining to that degree.

In witness whereof, receive these diplomas.

*NOTE: The Baccalaureate degrees are awarded individually, and the  
graduating class requests that there be no applause until the last degree  
is conferred.*

*At the Commencement Exercises, Bowdoin displays the College  
flag and the flags of the United States of America, the State of  
Maine, and the home or dual-citizenship countries or territories of  
graduating students—in 2019, Australia, Austria, Benin, Brazil,  
Cabo Verde, Canada, Chile, People's Republic of China, Czechia,  
France, Germany, Haiti, Honduras, India, Ireland, Israel, Italy,  
Japan, Republic of Korea, Mexico, Mongolia, Netherlands,  
New Zealand, Nigeria, Panama, Rwanda, Saint Vincent and the  
Grenadines, Spain, Sweden, Turkey, United Kingdom, United  
States, and Vietnam.*

# ACADEMIC APPAREL

The formal academic attire that distinguishes faculty and graduates at academic ceremonies is a symbol at once vertical and horizontal. It stretches back into history, to the roots of academic institutions, while at the same time it forms a bond of union among contemporary academic scholars.

The gown, cap, and hood, which would certainly seem quaint today if worn on our city streets, were originally the ordinary apparel of our medieval ancestors. The gowns varied in elegance according to the rank and wealth of the owners, and the hood had the practical function of being pulled over the head for warmth. Many of the medieval universities had strict rules on the subject; at Oxford, for example, the master of arts had to swear that he owned the dress prescribed for his degree and that he would wear it on all proper occasions. Undergraduates were required to wear their gowns whenever they appeared in the public street. After the sixteenth century in Europe different styles prevailed, but the older style was retained for certain legal, official, clerical, and, especially, academic uses.

In America the gown has been used to some extent since colonial times. It was only in the late nineteenth century, however, that widespread interest—sparked perhaps by the observance in 1886 of the 250th anniversary of the founding of Harvard—brought about several developments. In 1887 an enterprising member of the graduating class of Williams College designed academic gowns for the graduates to wear at the Commencement ceremony. The garb was significant and dignified; it was both traditional and democratic; it answered a need, and it quickly became popular. In 1895 an intercollegiate code, standardizing

the design and the color of each part of the academic regalia, was accepted by nearly all American colleges and universities.

The gown is usually black, and the cut of the sleeves differs for bachelors, masters, and doctors. In addition, the doctor's gown has panels of velvet (usually black) down the front and on the sleeves.

The cap is generally black, with a tassel, which is either black or the color of the field of study; a doctor's may be gold. The most common style of cap is the Oxford "mortar board," with a square flat top, but some variations are permitted.

The hood is the most distinctive part of the costume. It is made of black and trimmed with velvet. Both the length of the hood and the width of the trim vary with the level of the degree, the doctor's being the longest and having the widest velvet border. The color of the velvet indicates the field of study in which the degree is earned: for example, white for arts and letters (bachelor of arts), dark blue for philosophy, brown for fine arts, golden yellow for science, scarlet for theology. The lining of the hood is the color and style of the university that confers the degree; these are all specified in the standard code of the American Council on Education. Bowdoin College's lining is white and green to symbolize the Bowdoin pines.

Whatever the degree or university, those who don the gown and hood symbolically take their places in the long procession of scholars who have pursued truth and learning and passed it on to others. The consciousness of that fellowship is at once a reward for past efforts and an inspiration for the future.

## RAISE SONGS TO BOWDOIN

*Words by K. C. M. Sills, Class of 1901*

*New Lyrics by Anthony Antolini '63*

*Music by C. T. Burnett*

*Arranged by Thornton W. Allen*

Raise songs to Bowdoin, praise her fame,  
And sound abroad her glorious name;  
To Bowdoin, Bowdoin lift your song,  
And may the music echo long  
O'er whispering pines and campus fair  
With sturdy might filling the air.  
Bowdoin, from birth, our nurturer and friend  
To thee we pledge our love again, again.

While now amid thy halls we stay  
And breathe thy spirit day by day,  
Oh may we thus full worthy be  
To march in that proud company  
Of poets, leaders and each one  
Who brings thee fame by deeds well done.  
Bowdoin, from birth, our nurturer and friend  
To thee we pledge our love again, again.
