

## Glacier Tax Prep Session Information

- *Space is limited. Participants may join or exit the session at any time; if the session is full, they may wait in the “waiting room” until space opens.*
- *The General Nonresident Alien Tax Session will be a presentation and then questions will be accepted. The **GTP** Q&A sessions allow the foreign national to ask a question to a Tax Professional and then leave, if desired– it is not necessary to stay the entire hour, but it is possible to stay the entire time and hear others’ questions.*
- *CHAT will be used to ask questions; the presenter will read the question aloud and provide the answer.*
- *For questions that are very specific to the individual’s federal tax situation, the person should log into their **GTP** account, select “Help” and send the question to **GTP** Help.*
