

Community Immersion Orientation Trip Packing List

PACKING: Please do not overpack, as space in our accommodations is very limited! Suitcases are not allowed on this trip, so please pack belongings in backpacks or duffle bags ready to go for Arrival Day, August 24th. You may want a separate small daypack to hold your water bottle and lunch while you are away from your housing during the trip. You will not have a place to lock up your belongings during the trip, so please limit the valuables you bring to those which can be carried in your daypack.

CLOTHING: You will need clothes and shoes that you are comfortable getting dirty at service project sites as well as comfortable, casual clothes for recreational activities. The weather in Maine during August can range from high 50s (chilly) at night to 90s (hot!) during the day, and it's best to bring breathable clothing that you can layer!

GEAR: Please do **NOT** bring laptops or cell phones—Leaders will have cell phones and the ability to get in touch with campus authorities at all times in case of emergency.

BORROWING GEAR: Please contact us ASAP at mckeenOtrips@bowdoin.edu if you are unable to acquire either a sleeping bag or sleeping pad, as we can help secure one for you through the McKeen Center or the Outing Club.
