

Template for Faculty Recommendation

[Template for faculty recommendations for Golz student-designed projects and Nyhus]

- Briefly state how long have you known this student and in what capacity? [50 words max.]
- Evaluate the student's qualifications to carry out the proposed project and the feasibility of the research / project's scope. [250 words max.]
- Describe the faculty-student mentoring relationship (e.g., how often will you and the student meet, what are your expectations for the student) and why this plan is appropriate for the project. [250 words max.]
- In what ways do you anticipate the research / project enhancing the student's academic development (e.g., completion of an honor's project) and / or career and personal development (e.g., development of significant skills, or even preparation for graduate school)? [250 word max]
