“Renter Willingness to Pay for Urban Green Space”, revise and resubmit at *Agricultural and Resource Economics Review*

“Does Land Conservation Financially Harm Renters?”, (with Corey Lang), in review at *Environmental Economics and Policy*

“Redlining and the Geography of Environmental Capital”, (with Richard T. Melstrom) in review at *Journal of Environmental Economics and Management*

Works in Progress

“Partisan Divides and Residential Sorting Over Political Neighborhoods”, (with Corey Lang and Shanna Pearson-Merkowitz)

“Household Sorting and School Quality”, (with Corey Lang and Chris Timmins)

“Exit Polls vs. Aggregate Data: Insights into Education Referenda Voting”, (with Corey Lang)

“Explaining the Partisan Gap in Public Good Spending: Combining Revealed and Stated Preference Data” (with Corey Lang)

“Uncovering Differences in Partisan Preferences for Green Amenities: Evidence from a Discrete Choice Experiment”, (with Corey Lang and PengFei Liu)

“The Value of Experience: Partisan Disparities in Natural Disaster Adaptation”, (with Corey Lang)

Seminars & Conference Presentations

2023 USDA W5133 Annual Meeting (New Orleans, LA); AERE Annual Summer Conference (Portland, ME); Social Science Institute for Research, Education, and Policy (Kingston, RI); Marine Policy Institute (Woods Hole, MA)

Presenter – “Voting with their feet: Do Partisans Value Neighborhood Public Goods Differently?” & “Distribution of capitalized benefits from land conservation”

2022 AERE, Annual Summer Conference (Miami, FL); NAREA, Summer Conference (Mystic, CT)

Presenter – “Distribution of capitalized benefits from land conservation”

2019 USDA W4133, Annual Meeting (Santa Fe, NM)

Presenter – “Variation in Valuation: Open Space and Geography”

Teaching Experience

Instructor of Record – Bowdoin College

Environmental Economics and Policy (2025) - *Undergraduate, 35 students*

Environmental Economics Seminar (2025) - *Undergraduate, 18 students*

Instructor of Record – University of Rhode Island

Introduction to Resource Economics (2022) - *Undergraduate, 250 students*

Principles of Microeconomics (2021) - *Undergraduate, 45 students*

Guest Lecturer – University of Rhode Island

Advanced Econometrics (2023) - *Graduate, 10 students*

Environmental Economics (2023) - *Graduate, 10 students*

Teaching Assistant – University of Rhode Island

Economics Capstone Course (2018) – *Undergraduate, 40 students*

Research Experience

University of Rhode Island

Graduate Research Assistant to Dr. Corey Lang (2018-2023)

Graduate Research/Teaching Assistant to Dr. Hiro Uchida (2018)

Software

Advanced: Stata || Intermediate: R, ArcGIS, ArcPro, Qualtrics || Basic: Python, Matlab

Service & Academic Activities

Member: Association of Environmental and Resource Economists (AERE),
Northeastern Agricultural and Resource Economics Association (NAREA)

Referee: Australian Journal of Agriculture and Resource Economics (AJARE)
Journal of Real Estate Finance and Economics (JREFE)

Service: Communications Team/Web Master: NAREA (2022-2025)

Academic: Graduate Student Social Chair: URI (2020)

Awards & Certifications

Dean's Fellowship Award (2023)

Enhancement of Graduate Research Award (2022)

Diversity, Equity, and Inclusion Badge Program (2022)
