Declaration of Intent-Dual Degree Engineering Program

Once a student decides to pursue a dual degree, the student needs to:

- Receive permission from department in which they are majoring at Bowdoin
- Meet with a representative in the Office of the Registrar;
- Submit this declaration of intent to the Office of the Registrar. This form should be completed in coordination with a Bowdoin faculty program advisor or the relevant Associate Dean for Academic Affairs. Further information is available in the Academic Handbook.
- Meet with the Off Campus Study office if the student will be entering the 2-1-1-1 program at Dartmouth.

Student ID: _________________________ Student Name: ______________________________________

Name of Faculty member with whom student discussed program participation: _________________________

I plan to pursue the following program:

☐ University of Maine 3-2 Engineering Program
☐ Columbia 3-2 Engineering Program
☐ California Institute of Technology (Caltech) 3-2 Engineering Program
☐ Dartmouth Engineering 2-1-1-1 (enrollment is only permitted for Fall-Winter-Spring terms)

Date Application was/will be submitted to host institution: __________________________

Semesters in which I will be away from Bowdoin: ____________________________

Distribution and Division requirements need to be met with courses taken at Bowdoin prior to attending any dual degree program. In addition, participating students also need to complete a Bowdoin major. It is a student’s responsibility to plan accordingly. Please outline how you intend to meet your Bowdoin degree requirements on the attached worksheet.

I understand that any deviation from the attached plan could impact my ability to graduate from Bowdoin; therefore, I will notify the Registrar immediately of any changes.

Student Signature: ________________________________________________________________

For Bowdoin Department Use only:

Major 1 (or insert “Undeclared” in the case of a 2-1-1-1 applicant): __________________________

I certify that the above listed major will be met if the student follows the curricular plans noted on the attached worksheet.

Signature: __________________________

Major 2: __________________________

I certify that the above listed major will be met if the student follows the curricular plans noted on the attached worksheet.

Printed Name: __________________________

Signature: __________________________

Minor: __________________________

I certify that the above listed minor will be met if the student follows the curricular plans noted on the attached worksheet.

Printed Name: __________________________

Signature: __________________________
### General Education Requirements

This complete record has been reviewed by the Office of the Registrar and the student will meet all distribution/division credits at Bowdoin prior to attending the dual degree program, will meet major requirements with the curricular plans noted and with the approval from the aforementioned advisor, and will meet general credit requirements of the college.
